Summary: A prequel to Neptin the Sangheili's screwed up Halo series. You'll enjoy it, or else! Walpole's a character even though I haven't got the faintest damn idea of who the hell he is. Deal with it, Walpole-ites! This... this abomination, tells the story of FONDLE team during the fall of the planet Reacharound. It contains swearing. Lots and lots of swearing. I'm like a bloody sailor!

## 1. Fucktard Actual

**\*\*This story is a prequel to Neptin the Sangheili's screwed up Halo series. Let's begin & may God bless you all...\*\***

The warthog bounced across the muddy plain. It's passenger, a strong and silent Spartan, muttered "HOLY SHIT YOU DUMB FUCK! SLOW THE FUCK DOWN ASSHOLE!" The driver slumped over, his brains ruptured. "WHAT THE FUCK ARE YOU DOING, DIPSHIT?!" The vehicle crashed into a building. "AAAAAAAASSSSSSSHOOOOOOOOOOLE !" Screamed the nearly silent Spartan-B312. He walked over too another building, pausing only to nod at another Spartan. "WHAT THE HELL IS YOUR PROBLEM YOU DUMB RUSSIAN FUCK?!" He said to Jun. He walked in, and saw a creepy guy sharpening knives. "Hannibal Lechter is a FUCKING SPARTAN?!" A woman blocked his way, and said "Commander?" "Not now Pussy, I'm talking to Colonel Netherlands!" Netherlands said, "I sent men to DIE! Go get em back so I can have my way with them! Ha ha ha ha ha ha ha ah!" The woman looked at Carter. "My names Catherine. I said you could call me Kat, not Pussy!" "I don't CAAARE!" They got into FUCKING HELICOPTERS. It's 2552, get with the FUCKING times, UNSC! Six said, "What are we doing?" Carter replied. "Getting more rape victims for Netherlands."

## 2. Winter Rules

**\*\*Holy Jesus (I love Jesus he's awesome) that was an epic intro now onto the main event...\*\***

The copter bopters flew onto a farm WOOOOOOOSH. Carter turned to Six. "Look up." Six looked up at his own feet. "Ha ha ha I fucking inverted you asshole :D" The copter bopter landed. Carter looked at Jun. "Stay here you dumb Russian fuck." Jun was all ;\_;. "How come Kat can go with you?" Carter screamed. "BECAUSE I CAN SHOVE MY COCK INTO HER DUMBASS!" Mary Whitehouse went up to him and neutered him. "AOWAOWAOWOKOWOOAOWOOSOAOOO SIIWKS!" Screamed Carter, his semen spraying onto the ground. Mary Whitehouse then went back into her grave. Kat shot Carter in the head. "Misogynistic asshole." Then six pulled her armour off and thrust his dick into her pussy and the pussy died and the RSPCA started a petition to have six arrested for animal cruelty because they hated to see pussy cats impaled by penises.

Kat then found this red thing. "No rape victims here." Then they found some farmers. Jorge put them inside airless crates and sent them to Colonel Netherlands. Then they went into a building and found dead army men. Carter looked at them. "From the size of their assholes I'd say they were raped. Let's go, Netherlands only wants living ones." Then birds started shooting at them, and Emile and Kat randomly flew off to a building.

Without a plane.

Without jet packs.

:O

The birds were joined by sissies and dinosaurs. The weird spartans killed them. They drove around and killed all of them, so the RSPCA for aliens hated them too. Then they found army men, put them in crates and caught a QANTAS flight to Kat and Emile but it was QANTAS so they spent two hours waiting. They found Kat and Emile, killed all the sissies, birds and dinosaurs and then found a dead bloke and a hot Hungarian chick :D

Some dinosaurs with dicks on their heads walked through, politely saying "Excuse me dear chap, must get past, thank you sir." Jorge put the chick into a crate, while Carter raped the dead guy.

### 3. ONI: Stick Base

\*\*Ok, I admit that 'Weirdo Contingency' was strange, even for me. Now READ,\*\* \*\*person, READ! I know it isn't 'Das Boot', but it's still pretty damn good...\*\*

The copter bopters flew into a place where aliens were killing guys. Carter looked out. "Wow, that's some seriously scary shit out there. Kat, Six, get the fuck out there!" They got out and killed all the aliens. Six looked up. "Holy Fucking Mother of God, that's a SSC - Class Cattle Bruiser!" Then God killed him, so he had to replay the entire level again. Then randomly a guy told him to turn things on and gave him a car. He drove over some aliens and turned on a Big Fucking Gun. The BFG looked at him, and killed him. So he had to replay the entire thing again. Then he plugged in a phone. The phone said, "IMMA GONNA RAPE YA SOUL!" and then it raped his soul. Then it raped Seoul. And then seals. Six, feeling violated, went back to the place.

Then he went inside, killed some aliens, then blew some shit up, so the cruiser bruser outside randomly flew away. Then it randomly blew up. Then Carter said "Come down to the creepy office. Dr. Halsey wants to treat us like shit and command says that we're her bitches." Jorge randomly appeared and said "I've been her bitch half my life. Back when she dressed in leather." They went down to a creepy place to see a bondage woman in leather whipping Emile. Carter was watching. The bondage woman said "Who the fuck killed my bitch in Visegrad!?" Jorge said "We saw some alien dickheads." Halsey replied. "Dickheads? You're certain?" Jorge said "Yeah because there were penises on their heads." Halsey said "Fuck off."

#### 4. Night Rise

**\*\*Hooray! That was the best thing I ever read! Now we read some more awesome shit!\*\***

Kat spoke to six and Jun through a radio. "OK, Colonel Netherlands wants to try some Alien meat in bed. Round up some aliens for him to desecrate, ASSHOLES!" Jun nodded. "OK. Oh look Six, there's an Elite, you'd better rape him." Six crept up and raped the life out of the unfortunate alien. Then he did it to the Grunts. Then they found a group of Covenant being Necrophiles, the disgusting creeps. Jun called it in, and shoved them all into crates. Then they did that to all the Covenant they found, even the BoBs! Then they found some farmers with guns, but Jun shot them because by this time he hated all Americans. Then some cruiser brusers randomly turned up. Kat spoke to them on the radio. "Hey, in the morning why don't we randomly charge that shit?"

#### 5. Pointless attack on the fourth wall

**\_\*\*Somewhere, over the MOTHER FUCKING RAINBOW BITCHES, WHOOOOOOOOOOOOOOOOOOOOOOOO!\*\*-\_**

Noble 6 turned to the Sangheili in a bikini behind him. 'WTF are you doing' bro?!' screamed the cross dressing alien. 6 responded 'Trying to find where I'm up to.' 'WTF are you talking about?!' 'The dumbass writing this gay faggot story hasn't played \_Halo \_for so FUCKING long, HE'S FUCKING FORGOTTEN THE STORY!' 'What a fag!'

Suddenly, they were tackled by a naked black man, wearing a pink boa. 'ARE YOU LITTLE BITCHES BEING HOMOPHOBIC?!' Six looked up through the text. 'This isn't going anywhere, Cybermat47. Why don't you READ the stories before continuing them, hmmm?' I looked at Six. 'But... I HATE reading my own work! I can see all the flaws!' Six leaped out of my iPad and slapped me. 'JUST FUCKING DO IT YOUFUCKING FAGGOT FUCK!' In response, I stabbed him with my iPad charger. He started bleeding. And then we started dating, and I ended up marrying him, and we gave birth to a gay Grunt named Keith.

#### 6. Tip of the dick

**\*\*Random desert of shit\*\***

Six awoke from his dream of marrying a fanfic writer to see a FUCKING

COVENANT ARMADA IN FRONT OF HIM. He then realised that HE WAS FUCKING DRIVING TOWARDS IT. In panic, he drive over a hill, beat Kat, pushed her of a cliff and set her on fire. Then Kat's dad, the Slender Man, assraped Six and then forced him to marry Kat, with a crossdressing Elite acting as a Priest, then Cybermat47 came. LOL no I didn't I bitchslapped that ungrateful turd. Then Six woke up AGAIN to see that he was jumping out of a giant exploding dildo, while an EVEN BIGGER FUCKING DILDO WAS EJACULATING ON ALL OF THE UNSC TROOPS, OH THE HUMANITY OF THIS ALIEN SEMEN MURDERING OUR MEN, OH LORD NO!

Then Six passed out, dreaming about the words 'loading'.

## 7. Long Night of Execssive Anal Abuse

Noble team walked into a random cave while a giant metal bug sprayed semen on some Army Troopers.

"Lol", said Six.

Jorge was carrying a briefcase. "What's in the briefcase Jorge?" asked Six.

"That Hungarian chick. Her name's Jopushrge."

"There's no way you fit that chick into that briefcase."

"I FUCKING DID YOU LITTLE FUCKING BITCH! LOOK!" Jorge opened the briefcase to reveal a big ball of flesh and gore. "Oh shit, she didn't fit."

Meanwhile, Kat was talking to Carter. "Carter, can we blow up that giant Dildo that's ejaculating on our troops?"

"Only if you fuck me." :D

And then they went to blow something other than the ship up ;D

After the excessive anal abuse, Carter said to Six "Bro, can you fly a Sabre?"

Six replied by saying "I play DCS: Sabre. What the fuck do you think?!"

Then they went to a beach, killed some aliens, and Six shoved Jorge into a Sabre and took off.

Some guys in space were being owned by the Covenant, so Six snuk in and stole their slipspace drive ;)

He then got back into the Sabre, jerked off, and had his army of sex slaves steal a Covenant shion for him. Jorge was busy setting up the slipspace drive to blow. Six looked at him. "Jorge, I am your father." He then raped Jorge and tied him to the slipspace drive before blowing it up :D

Jorge screamed "YOU MOTHERFUCKING LITTLE BITCH I'LL FUCK UP YOUR SHIT SO MUCH THAT YOUR CHILDREN WILL BE MY SEX SLAVES AND WE WILL LIVE IN A CASTLE CALLED COLDITZ AND MURDER GERMAN PEOPLE AND RULE THE WORLD THROUGH SEX YOU FUCKING PIECE OF SHIT FUCK YOU I FUCKING HATE YOU YOU

PIECE OF CUNT I'LL DESTROY YOUR ANUS UNTIL YOU CAN'T TAKE A CRAP ANYMORE BECUASE THAT IS HOW FUCKING MUCH I WANT TO RAPE YOUR A HS ANDBNCRJNRCNFNJRNVFNJRNVN!"

Then he died and Six floated to Earth :D

Then a massive fleet of Dildos arrived and started ejaculating D:

## 8. Buttsexodus

**\*\*I'mmmm BAAAAAAAACK!\*\***

After falling from space and surviving, Six looked between his legs. His dick had snapped. "FFS, not again". He picked up a Magnum and walked away from the burning Dildo. Then he saw a city being fucked up and shit. He found dead bodies in the city, and it's illegal to say what he did to the bodies.

Yeah. He's that fucked up.

Then he found some guys being shot at by hairy pieces of shit, so he ran past them, dodging the semen as the pieces of shit wanked at him. He found some shit going on, and just said "fuck you guys, I'm getting out of here, good luck washing that spunk outta yo pants!"

Then he caught a lift, and trapped an ODST in a field hospital, resulting in an orgy involving a scared ODST, a rapist SPARTAN, and several wounded people. After the rape orgy had ended, Six washed his pantaloons and stole the traumatized ODST's jet pack. He then flew all the way to a beach, giving the middle finger to all the dying people. Seeing all the death made him aroused, so he took off his pants and started wanking to all the dead people. Soon, the whole city was full of his spunk. Children drowned in it, animals met their demise in it, and I'm starting to think I have serious problems. "Keep writing, bitch!" Six screamed at me, frightening me into continuing writing this.

When Six got to the beach, some guy asked him to activate some shit to destroy a corvette so innocent people could live. Six then just jacked off to all the innocent people being slaughtered, and okay now I know I have problems.

Then Kat called Six.

"Six, where's Jorge."

"Dead, but his soul lives on in the flakes of skin off his ass that's still on my dick from when I raped him."

"HELP CARTER SIX IS BEING SCARY."

Six heard Carter reply. "STFU, I'm trying to rape Emile."

Shit, I need therapy.

## 9. New Buttsexandria

Six looked at the innocent people being burnt to death by the cruiser-bruisers.

He came.

Then he jumped off the pelican to meet Carter. Carter nodded at Six. "Shit's happening. Do something about it with Kat." Six nodded. Then, he thought of Jorge. He turned to Carter. "Sorry I came in him." Carter shook his head. "You made me proud."

Then Six got in a copter-bopster and flew away. Kat called him. "Six, some shit's happening at the Sinoviet Centre-" Six interrupted her. "SOVIET centre!? You Russian whore, luring me into a trap! Shove Lenin up your ass!" Six then flew away to a nightclub, ignoring the Troopers being burnt to death, while Kat cried about the fact that racism was still around in 2552.

Then she came. She looked around, angrily, to find the source of the orgasm. She found it. "Emile, get out of me." Emile started squeaking, grew wings, and flew up to the roof, where he started reading 'Pride and Prejudice'.

Meanwhile, Six entered the nightclub, to find Hunters having a rave with some Troopers. Six sashayed up to random Covvie shit and blew it up, then sashayed out, raping a Hunter on the way.

The worms tickled.

He then heard Buck saying "help me bro" and Six said "i duz nawt halp yew beach goh too hel."

BECAUSE POOR LITERACY IS COOL! (Yes I'm stealing jokes now)

Then Six went to a hospital, murdered crippled Grunts, and blew up Covvie shit again.

Then Kat said "Six, help! The Covenant are firing dildos at us!" Six then flew (without a Falcon or Jetpack) to Kat's location. He came on the Covenant dildo launchers and blew them up. Then he went to Kat's building, but a dildo started ejaculating fire on them. Emile, Jun, and Carter flew away on a hairy dick with wings, saying to meet them at Stick Base, while a dildo penetrated Kat's face.

Six picked up Kat's body and ran away to do terrible things.

## 10. The Asscrackage

Six ran across some snow and shit, then jumped down to make some ODSs piss themselves. Six had become a legend among the ODSs, and they called him 'Ygyhuhuhuh', which in their language meant 'that creepy asshole'. The ODSs were too frightened to act, and they were powerless as Six hypnotized them to obey his will.

"Six, are you still alive?" Carter asked. "Yes, no thanks to you," Six replied. "We're flying this dick into Stick Base, catch up if you can." "Fuck you."

Six outlined his plans to the ODSs, and they charged the heavily

armed aliens while Six got into a tank and drove into Stick Base. Six laughed at the way he had just sent people to pointlessly die.

Then he came.

Entering Stick Base, Six met up with his fellow assholes, and they murdered a shit ton of aliens until they reached a dead end. "Dot, this is where we're supposed to be, right?" Carter asked. "Yes," Dot replied, happy that she'd finally been included in this FanFiction. "Wait," she said, "I got new instructions from some other AI skank. She wants us to go underground. Fuck that bitch." Emile got out his shovel, and started digging.

When Emile had dug a tunnel that reached one centimetre underground, the team jumped in to discover a vast cavern.

Wat.

Then Doctor Who flew past, saying "Goodbye my dears!"

Then Doctor Halsey called NOBLE team. "You sluts keep these aliens off me while I spank Cortana sexually!"

Carter was sad, then had his fellow assholes dance to distract the Covenant. Six's striptease was so hot that the Covenant fell in love with him, and they were so busy wanking to him that the team could enter Halsey's sex lab unopposed.

Halsey gave Six a computer, and said "This is important for some reason, take it bitch. Do you have it? Six looked at the dominatrix. "Yeah." "Say the words please." Six slapped Halsey with the computer, breaking her jaw. "Fuck you, I can do what I like!" he screeched, turning into a Parrot for a moment. Literally. With feathers and shit.

Weird.

Then they went outside and got into Pelicans. Carter said to Jun, "Jun, make sure Halsey isn't captured by the Covenant. High command likes being dominated, and our priority is the sexual pleasure of our leaders. Understand?" Jun nodded. "I'll do what's necessary, sir." Halsey, however, had her objections. Or maybe she agreed. I'm not sure, but she did say "Uhngh fuuh ooh or aking ey aw."

Then Six, Emile and Carter flew away to have a threesome while Jun was stuck with a dominatrix.

And Jun was gay.

Poor Jun.

:(

While the threesome happened, Dot tried to talk over the moaning to tell them what to do. "Guys. Guysguysguysguysguys. There's a super-duper battleship right ahead that we have to go to to deliver that shit, the we can go home. Are you listening? No? Fuck you then, we have to go to the old-shit cruiser \_Pillar of Derp\_ to deliver that shit."

## 11. Pillar of Derp

The Pelican was flying along while Emile, Six and Carter recovered from the threesome. Carter had taken the brunt of his Men's libido; his armour was cracked where Emile had shoved his twelve ton cock, while Six had stabbed his face in repetitively with his razor-sharp wiener.

Carter was not happy, so he made them jump out of the Pelican.

"Fuck you assholes," he screamed, "go to the fucking \_Pillar of Derp\_, like Dot told us!" And Dot laughed at how successful her deception had been.

Then she died.

Six and Emile trekked through miles of horny aliens who tried to rape them, surviving only thanks to a mysterious condom named Steve who came down to protect them.

Then Steve died.

:(

Six and Emile (can I just call them Emix for short?) were in an asscrack made of rock when Carter flew up to them.

"I just found out you gave me AIDs," he said. "Lol," Emix replied. Carter pushed the throttle forward, and was about to ram them when a walking Covenant nursery got in the way. Carter crashed into it, dying but taking millions of Covenant babies with him. As the dying babies cried for their parents, Six watched, his underwear becoming sticky.

"Lol," he said.

Then more shit happened, and they got to a drydock. A Marine walked up to Emile. "Hey, can you man the dick we have up there?" Emile nodded. "Yes! YES! YEEEEES!" And then he manned the giant dick and started shooting down dildos with sperm.

Meanwhile Six dealt with hairy rapists, then Captain Keyes came (lol) down in a Pelican. "SPARTAN, is the package secure?" He asked. Then Six realised that he'd dropped it at the beginning of the level, so he had to trek all the way back, pick it up, and walk back to Keyes. "Yes, it's secure." Then he gave it to Keyes. "I get the feeling this thing is going to be good masturbation material," Keyes said.

Before things could get any more awkward, a dildo started making an attack run on the \_Pillar of Derp\_, and some Sangheili Dickheads randomly appeared and killed Emile with their head dicks.

"Shit," Keyes said. "I'll get on the dick, kill the dildo, and then you can pick me up," Six said. "Okay," Keyes replied.

Then Six killed the Dickheads, got on the dick, and killed the dildo. He was wanking to the millions of dying aliens when he noticed that the \_Pillar of Derp\_ was gone.

"I'm going to die alone on this planet, aren't I?" He said.

Then he came.

**\*\*MEANWHILE ACROSS THE UNIVERSE\*\***

The pillar of derp was driving away from the doomed planet of Reach.

When they made it away from Reach, Captain Keys questioned, "Cortana all I need to know is did we lose them?"

Cortana answered back, "I believe we know the answer to that"

Keys said, "Um, no I don't, tell me."

Cortana said, "You know the answer. You just won't admit it."

## 12. Lone Sex Offender

Six was fucked, like all of his victims.

There was a shit load of rapists coming towards him.

He tore off his armour, welcoming the rape.

Wait, that means it wasn't rape.

Shit.

Anyway, he got humped to death, and the fanfic ended.

Wait, no, then Halsey said "Your tight little ass saved humanity, you brave cunt."

Then the fanfic ended- NO, because the story continues in Neptin the Sangheili's Halo CE screwed up version.

Anyway, for the time being, my role is ended, so fuck off so I can finish my serious \_Halo\_ FanFiction and get started on my \_Psycho-Pass\_ FanFiction.

I'm joking, I love you all, please don't leave m-

End
